

Your Service Timeline

We're so pleased to meet you— Thank you for trusting us with your home!

First, we will do an on-site audit of your property to best serve you. This will take about 1 hour.

Our team will then prepare a Service Proposal to cover your specific home preservation needs.

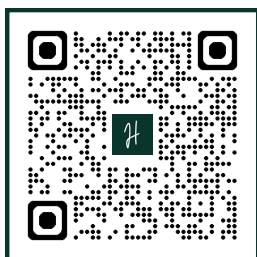

Next, we'll schedule and coordinate all of your required home services behind the scenes.

Work begins! Services are automatically performed based on your schedule & preferences.

Hank's can handle it all. Reach out at any time with any size custom project and we'll manage it!

- Download our app for instant booking
- View or modify all upcoming services
- Access project timelines and service receipts
- Submit maintenance request of any size
- 24/7 Emergency Line **(313) 510-0535**
